

Taking advantage of demand response

Timo Aaltonen

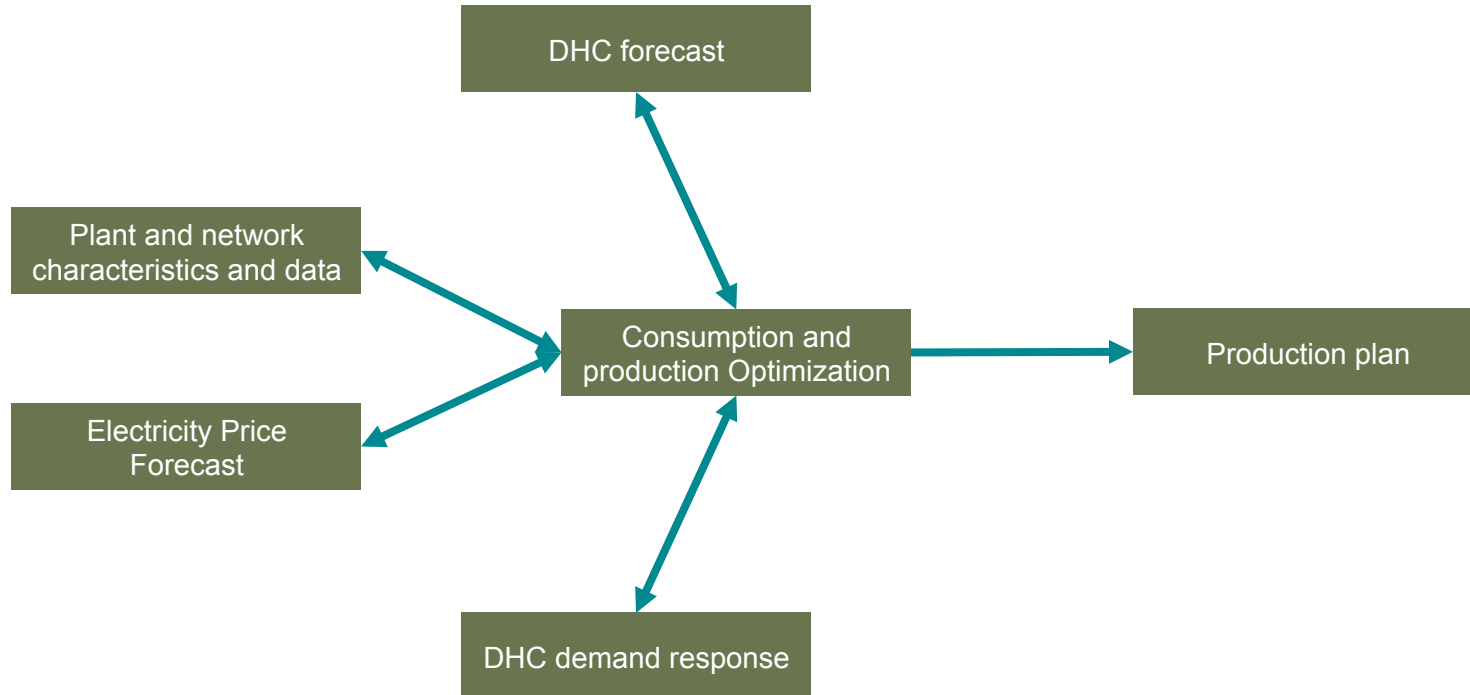

31 October 2016

Solution Architect for Global
Bioeconomy & Cleantech Opportunities

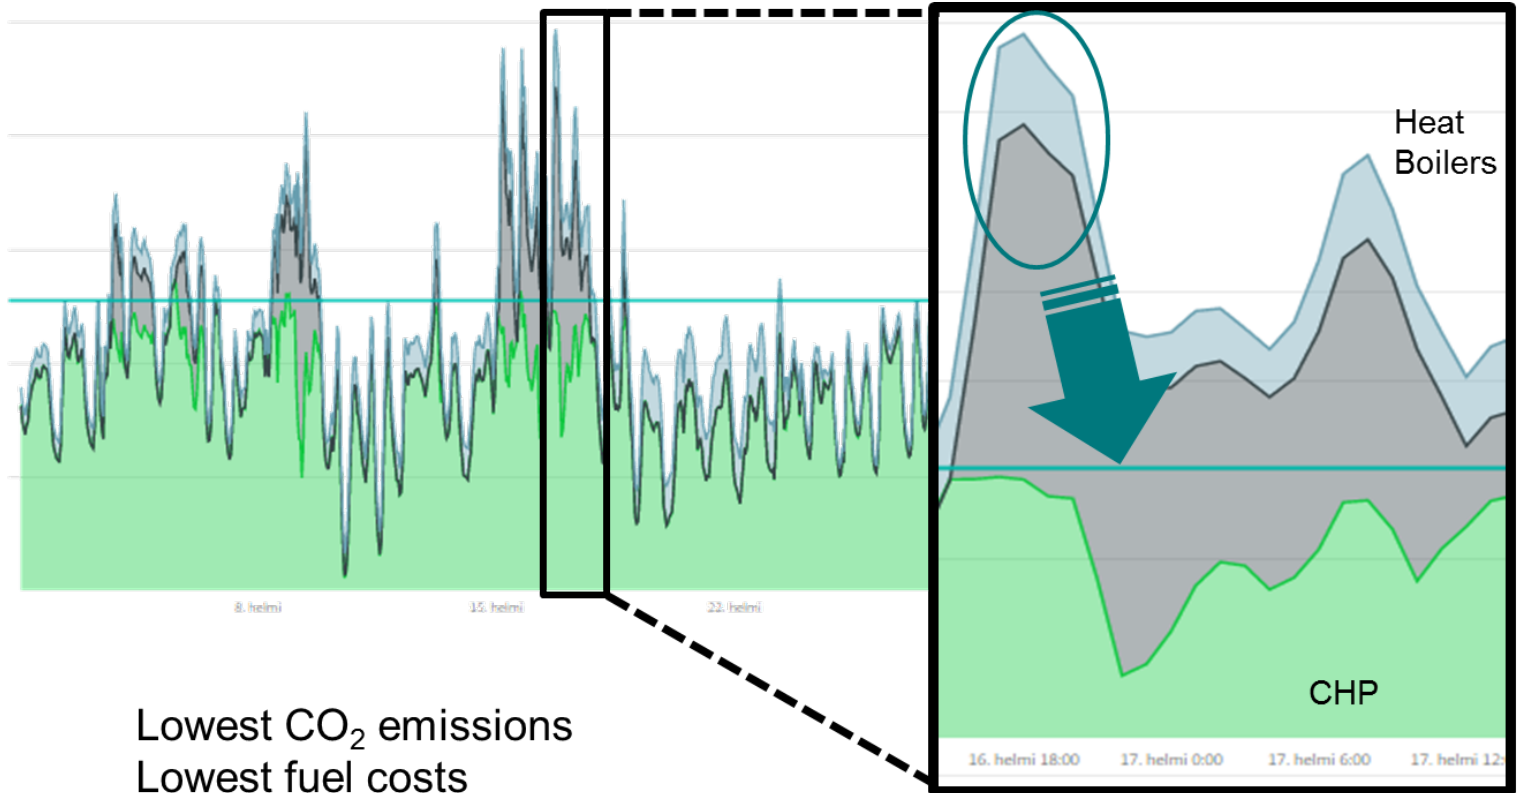

Consumption and production optimization

FLEX^e

Future Energy
System

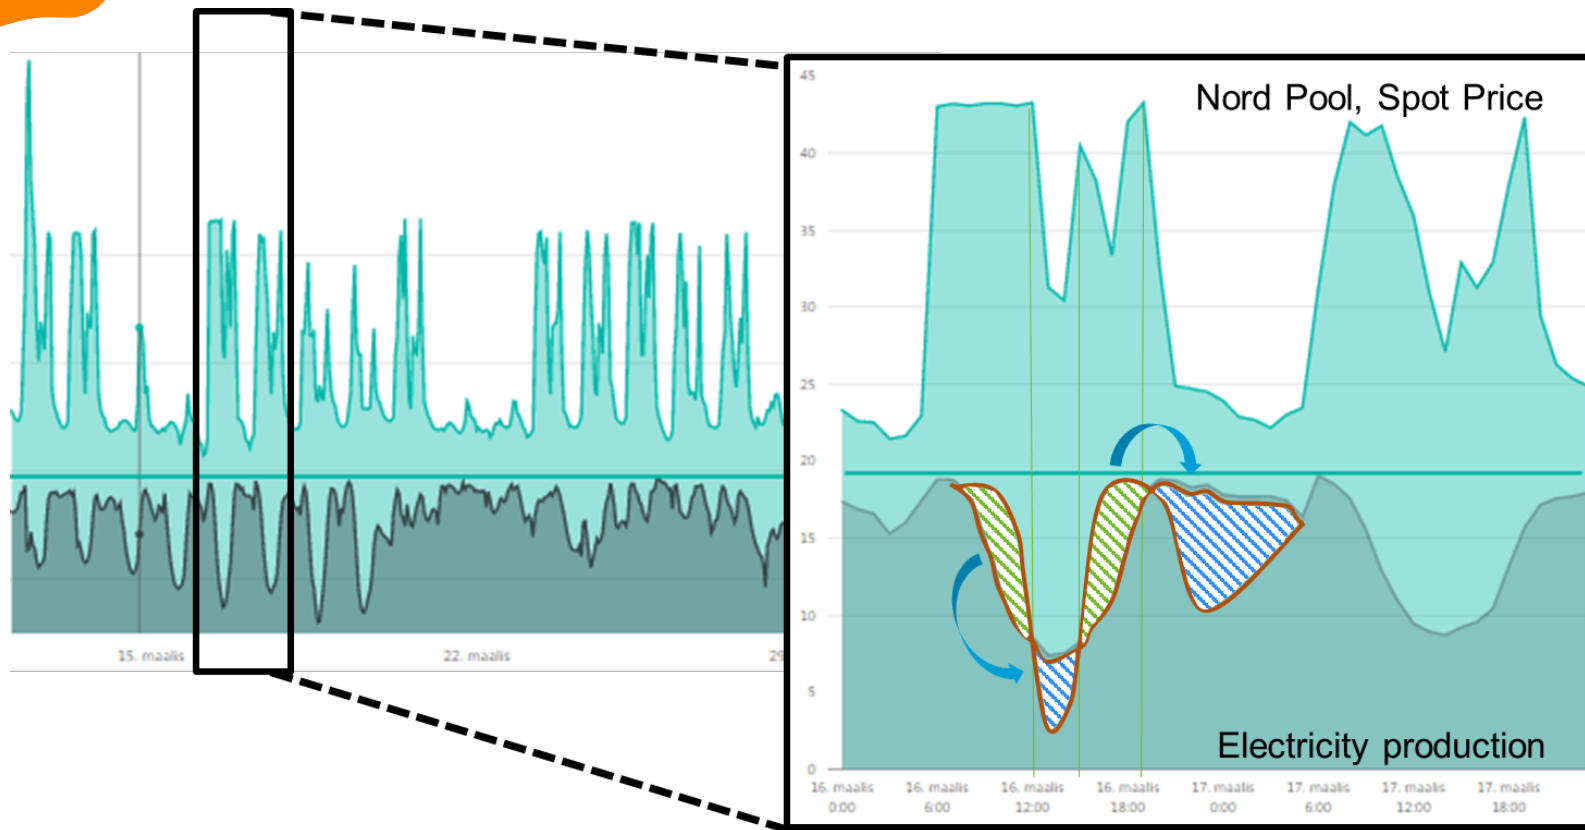

Opportunities, fully utilize most sustainable capacity

FLEX^e

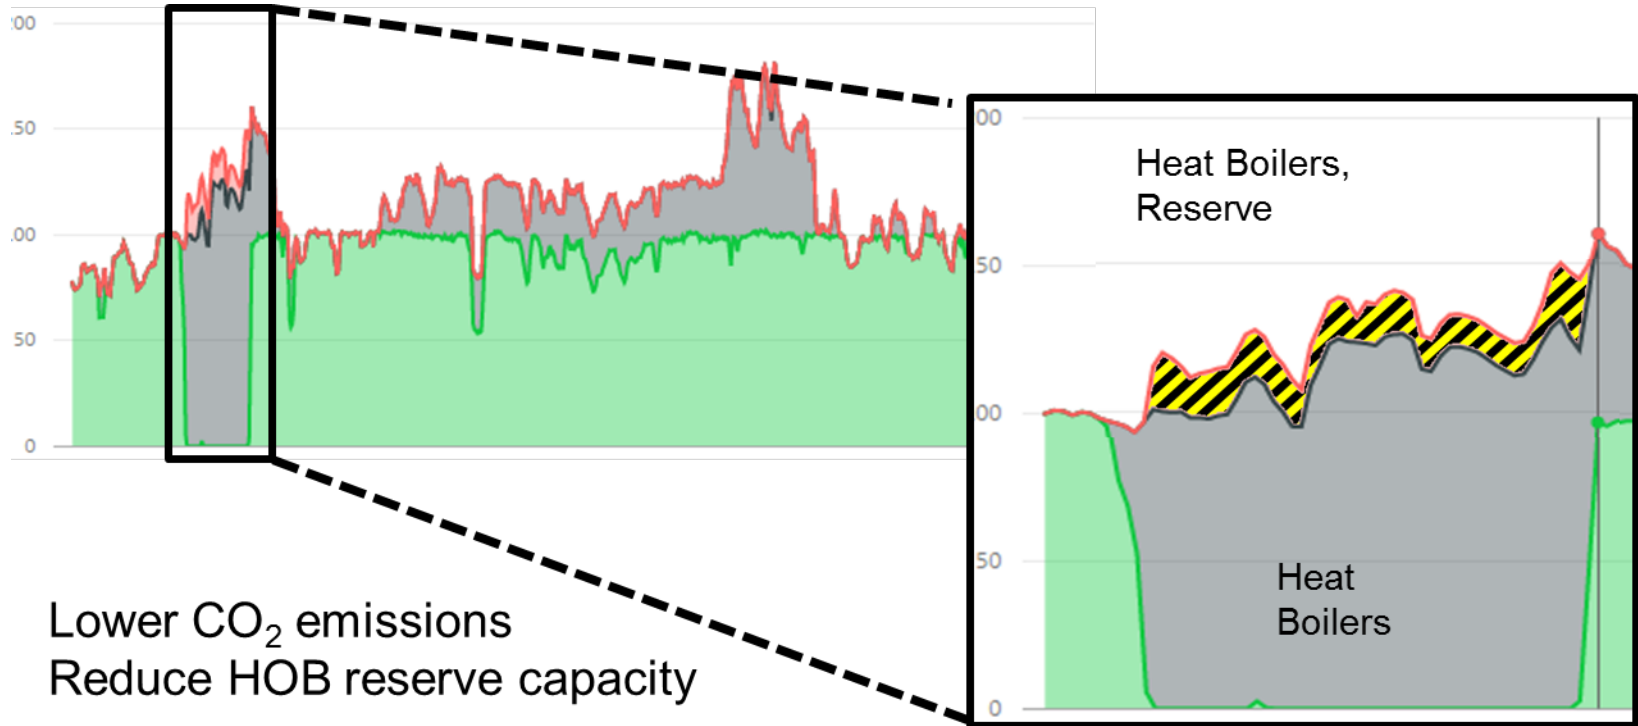

Future Energy
System

Opportunities, produce more during peak prices

Source: Fortum

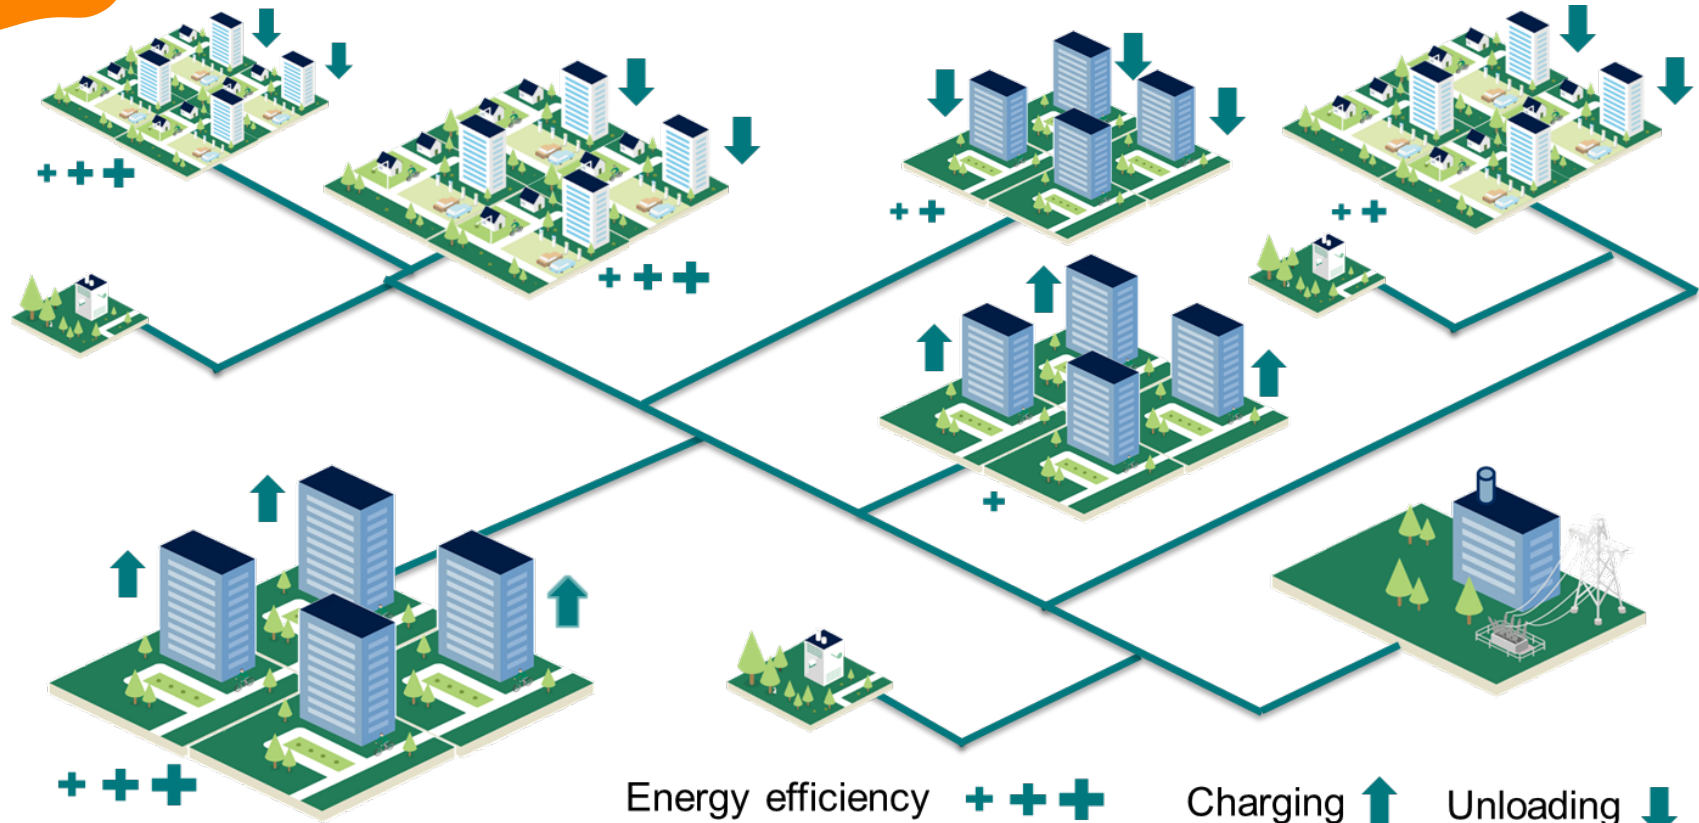

Reserve capacity flexibility, limit consumption during disruptions

FLEX^e

Future Energy
System

Production and consumption optimization system

Source: Fortum

Thank you!
